HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

This proposed amendment becomes effective thirty (30) days after the publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Family Support Division (FSD) received one (1) letter commenting on the proposed amended rule.

COMMENT #1: Senator Shalonn “Kiki” Curls commented that section 208.247, RSMo Supp. 2014 allows a public assistance applicant with a history of one (1) felony drug conviction to receive the benefits if the applicant meets the following criteria: 1) is participating in, has been accepted for, has completed, or is certified to not need substance abuse treatment; 2) is complying with obligations imposed by a court, the Division of Alcohol and Drug Abuse, or the Board of Probation and Parole; 3) does not have a subsequent felony of misdemeanor conviction related to illegal drug use or possession; and 4) demonstrates sobriety through urinalysis testing.

Under the final version of the bill, two (2) or more felony drug convictions would not allow the applicant to have relief from the prohibition on receiving public assistance benefits. The provision required the Department of Social Services to promulgate rules relating to this and specified that the rules should specify the criteria for determining active participation and completion of a substance abuse program.

RESPONSE: FSD appreciates this comment, but it believes that it is beyond the scope of this rulemaking, as 13 CSR 40-2.410 relates only to the Temporary Assistance program. Section 208.247, RSMo Supp. 2014 only applies to the food stamp program. FSD has promulgated a separate set of rules for substance abuse treatment for Temporary Assistance recipients. These rules are found in 13 CSR 40-2.430. No changes have been made as a result of this comment.

COMMENT #2: Senator Shalonn “Kiki” Curls commented that section 208.027, RSMo Supp. 2014 as amended provides that if a person tested positive for illegal drug use temporary assistance benefits could be denied. Section 208.027, RSMo Supp. 2014 was amended to: 1) remove an automatic hearing before the Administrative Hearing Commission of a denial of benefits. A recipient must now request a hearing; 2) clarified that a refusal to undergo drug testing would be treated the same as positive test; and 3) allow the department to use “other information” besides positive tests to determine if a person was taking illegal drugs.

RESPONSE: The previous and current version of section 208.027, RSMo did not authorize a hearing before the Administrative Hearing Commission. Under current law these hearings are conducted before the Department of Social Services hearing officers. See section 208.080, RSMo. Section 208.027, RSMo Supp. 2014 removed the automatic hearing provision, but individuals can still request a hearing. Section 208.027, RSMo Supp. 2014 allows the department to use other information besides the screening tool to determine if there is reasonable suspicion to conduct drug testing. Positive drug tests are not used to determine if there is reasonable suspicion to drug test. No changes have been made as a result of this comment.

COMMENT #3: Senator Shalonn “Kiki” Curls commented that section 208.027, RSMo Supp. 2014 “deals with similar but distinct issues.” The provision addresses a prohibition on receipt of benefits by persons who had been convicted of drug crimes. Section 208.027, RSMo addresses testing to determine if applicants or recipients are currently engaged in drug use. In other words, the new legislation relieves past drug users from a prohibition of benefits while section 208.027, RSMo prohibits benefits to current drug users.

RESPONSE: FSD appreciates this comment, but it believes that it is beyond the scope of this rulemaking. Section 208.027, RSMo Supp. 2014 and 13 CSR 40-2.410 only involves drug testing of applicants or recipients of Temporary Assistance. No changes have been made as a result of this comment.

COMMENT #4: Senator Shalonn “Kiki” Curls commented 13 CSR 40-2.410 relates only to section 208.027, RSMo and not section 208.247, RSMo. The legislation enacted specifically requires the department to promulgate rules – and specifies that those rules are to address the criteria for determining participation and completion of substance abuse treatment. The senator believes the department has failed to promulgate rules.

RESPONSE: FSD appreciates this comment, but it believes that it is beyond the scope of this rulemaking. Section 208.247, RSMo Supp. 2014 only applies to food stamp recipients. FSD has promulgated another rule for substance abuse treatment for Temporary Assistance recipients. See 13 CSR 40-2.430. No changes have been made as a result of this comment.

COMMENT #5: Senator Shalonn “Kiki” Curls questioned whether a criminal drug charge that results in a suspended imposition of sentence should be considered as grounds for requiring the drug testing of a Temporary Assistance applicant or recipient. A suspended imposition of sentence is not considered a criminal conviction.

RESPONSE: Section 208.027, RSMo Supp. 2014 authorizes drug testing of applicants or recipients of Temporary Assistance if the department has reasonable cause to believe, based on screening or other information, the applicant or recipient engages in the illegal use of a controlled substance. An individual who receives a suspended imposition of sentence for illegal use of a controlled substance has plead guilty to a crime involving the illegal use of a controlled substance. A participant or applicant’s admission in court as part of a guilty plea that he or she has engaged in the illegal use of a controlled substance is sufficient and appropriate to establish the reasonable suspicion required by the statute to trigger the testing requirement. No changes have been made as a result of this comment.

SUMMARY OF COMMENTS: The Department of Corrections received one (1) written comment.

COMMENT: Shelly Ohlms, MSW, MPA, Batterer Compliance Coordinator for the St. Louis Family Courts commented that coercive behaviors should be defined in the definition.

RESPONSE: At this time the Missouri Department of Corrections believes that the term “coercive behavior” may encompass a broad array of actions depending upon the intent of the one engaging in coercive behavior. Any attempt to limit the term to specific instances of conduct would negate the ability to look at the intent of the person engaging in coercive conduct.

By the authority vested in the Missouri Department of Corrections (MDOC) under section 455.549, RSMo Supp. 2014, the board adopts a rule as follows:

14 CSR 80-6.020 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on December 1, 2014 (39 MoReg 1939–1951). Changes have been made to the text of the proposed rule and to the Batterer’s Intervention Program Credentialing

application, so it is reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Corrections received written comments from Jennifer Carter Dochler, MSW, Education and Outreach Coordinator for the Missouri Coalition Against Domestic and Sexual Violence, Shelly Ohlms, MSW, MPA, Batterer Compliance Coordinator for the St. Louis Family Courts, and Lisa Doyle, MA, CRADC, ICRC, CAMF, CDVIF, QMHP, DOT SAP; Director and Chief Administrative Officer Addiction Awareness, LLC, and Jay Boresi, Missouri Department of Corrections Legal Counsel.

COMMENT #1: Paragraph (1)(A)3.—Jennifer Carter Dochler commented that there appeared to be a typo in “applying” vs. “reapplying”.

RESPONSE AND EXPLANATION OF CHANGE: The staff revised paragraph (1)(A)3.

COMMENT #2: Paragraph (1)(A)3.—Lisa Doyle recommended another step to allow for correction of deficiencies.

RESPONSE: The Missouri Department of Corrections believes the initial application has criteria and training requirements that are specific, so prior to applying to be credentialed the provider should be able to easily discern whether or not they meet the initial application requirements. No changes were made as a result of this comment.

COMMENT #3: Paragraph (1)(B)1.—Jay Boresi suggested paragraph (1)(B)1. be changed to read Batterer’s Intervention Credentialing Application and Program Guide to be consistent with the application cover page and the program guide cover page.

RESPONSE AND EXPLANATION OF CHANGE: The staff revised paragraph (1)(B)1.

COMMENT #4: Paragraph (1)(B)3.—Jennifer Carter Dochler commented that the definition should include how the provider should address transgender offenders under “groups should never include mixed genders.”

RESPONSE AND EXPLANATION OF CHANGE: The staff revised paragraph (1)(B)3.

COMMENT #5: Paragraph (1)(B)3.—Lisa Doyle recommended that in smaller population areas to make it a requirement that single gender groups are offered and clients have the choice - or if a single gender group isn’t available at the time - they can be helped in individual sessions. We have found that when we give them the option - they can learn from the other gender to hear the “other side.”

RESPONSE: The Missouri Department of Corrections defers to evidence based research that indicates that genders should not be mixed, the risks/needs of each gender are different. No changes were made as a result of this comment.

COMMENT #6: Jennifer Carter Dochler commented that there should be clarification how the provider should address transgender clients.

RESPONSE: As the document has been changed in paragraph (1)(B)3., staff did not believe that there needed to be additional clarification. No changes were made as a result of this comment.

COMMENT #7: page 1940, cover page of BIP Application and Program Guide—Jennifer Carter Dochler commented that the Department of Corrections logo be amended to exclude the words Sexual Abuse.

RESPONSE AND EXPLANATION OF CHANGE: Staff amended the logo.

COMMENT #8: page 1941 page 2 of the BIP Application and Program Guide—Jennifer Carter Dochler commented that providers

should include their licensure status and any specific training or expertise relative to working with domestic violence clients.

RESPONSE AND EXPLANATION OF CHANGE: The first line following the header on page 1941 already asks that the applicant provide the status of their licensure. No change was made. Staff revised the second line of that paragraph.

COMMENT #9: page 1941 page 2 of the BIP Application and Program Guide—Lisa Doyle recommended that the MO Certification Board provide grandfathering in and standards from coalition and that they need to be at least a RASAC I with 45-75 hours of DV specified training like the coalition recommends due to the fact that substance abuse goes along with it so much of the time.

RESPONSE: The Missouri Department of Corrections researched other BIP programs across the country; substance abuse and mental health issues should be addressed by the appropriately certified or licensed professional separately either prior to BIP or in conjunction with BIP. The DOC standards for BIP providers are based on the MCADSV standards. No changes were made as a result of this comment.

COMMENT #10: page 1942 page 3 of the BIP and Program Guide—Jennifer Carter Dochler commented there should be clarification how the provider should address appropriate programming when victims have been court ordered to the program due to a recent arrest or incident although the individual may actually be the victim in the relationship.

RESPONSE: The Missouri Department of Corrections expects Batterer Intervention Programs to provide services to all offenders ordered to complete a Batterer Intervention Program as ordered by the court or parole board based on the assessment of the individual’s needs. There were no changes made as a result of this comment.

COMMENT #11: page 1943 page 4 of the BIP Application and Program Guide bullet 6—Jennifer Carter Dochler commented that the Department of Corrections should clarify the expectation that the provider follow mandatory reporting laws. The statement should match statute language to include child, vulnerable adult, or person who is sixty (60) or older with an inability to care for self.

RESPONSE AND EXPLANATION OF CHANGE: The staff amended bullet 6.

COMMENT #12: page 1943 page 4 of the BIP Application and Program Guide bullet 1—Shelly Ohlms commented that the plan for community protection be expanded to include more information on how the Probation and Parole Officer would address continued non-compliance as it was too vague as written.

RESPONSE: The Missouri Department of Corrections believes that it should review each individual case. If an offender is hospitalized and is non-compliant with attendance they could be unsuccessfully discharged and be required to go back to court. Most clients are court ordered to attend programming; instances of non-compliance are summarized in Violation Reports to the court with a recommendation and a plan of action. Not all courts proceed the same way therefore there should be flexibility. If the court has concerns or does not want to proceed with the proposed plan, the court may take action since they have jurisdiction. Plans would be developed by treatment providers/officers and submitted to the court for review/approval. No changes were made as a result of this comment.

COMMENT #13: page 1943 page 4 of the BIP Application and Program Guide section 3 bullet 8 sub bullet 1—Shelly Ohlms commented that the providers would use evidenced based practices to screen for severe mental health and chemical dependency and should be administered by a licensed professional to avoid potential harm to the client.

RESPONSE: If during the initial intake appointment there are concerns noted and/or information from the referring officer reveals

issues with mental health or substance abuse, offenders shall be referred to the appropriate resource for diagnosis and treatment. No changes were made as a result of this comment.

COMMENT #14: Pages 1944, page 5 of BIP Application and Program Guide bullet 5—Jennifer Carter Dochler commented that the word “male” should be removed and focus on privilege.
RESPONSE AND EXPLANATION OF CHANGE: The staff amended bullet 5.

COMMENT #15: page 1944, page 5 of BIP Application and Program Guide—Jennifer Carter Dochler suggested the addition of identification of stalking behaviors and dynamics of stalking.
RESPONSE AND EXPLANATION OF CHANGE: The staff amended the section.

COMMENT #16: page 1945 page 6 of the BIP Application and Program Guide section 3 subsection 2 bullet 1—Shelly Ohlms commented that during audits, the examiner should closely examine the requirement that techniques or a diagnosis that suggests survivors have some responsibility for the abuse as it may not be fully adhered to by some providers.

RESPONSE: The Department of Corrections program monitoring specialist will audit based on the provider standards. No changes were made as a result of this comment.

COMMENT #17: page 1946 page 6 of the BIP Application and Program Guide section 4, paragraph 2 line 3,—Jennifer Carter Dochler suggested the use of “traumatic brain injury” as opposed to “brain injury.”

RESPONSE AND EXPLANATION OF CHANGE: The staff amended section 4, paragraph 2, line 3.

COMMENT #18: page 1947 page 7 of the BIP Application and Program Guide top bullet section—Jennifer Carter Dochler suggested clarification on how a new arrest for Domestic Violence, Sexual Assault, or Stalking will be handled while the client is in treatment. She also asked for clarification how to handle if the individual is served with an Order of Protection while in the program.

RESPONSE: The staff believes that this should be addressed on an individual basis in consult between the provider, the officer, and potentially the Court or parole board. No changes were made as a result of this comment.

COMMENT #19: page 1947 page 8 of the BIP Application and Program Guide section 7 paragraph 2—Jennifer Carter Dochler suggested that there should be clarification of who might be conducting training or the qualifications for the organization or person conducting the training.

RESPONSE: The staff agree that this is a difficult area to address based on the various venues available for training including college course work, professional seminars/conferences, local law enforcement training, local agencies, and webinars. No changes as a result of this comment.

COMMENT #20: page 1947 page 8 of the BIP Application and Program Guide section 7 statement 2—Lisa Doyle recommended the thirty-six (36) hours per year of relevant DV trainings be reduced to a one (1) day training every six (6) months.

RESPONSE: The Missouri Department of Corrections is aware there are a number of trainings available online that would provide necessary training requirements. The MCADSV and others provide multiple trainings per year in the area of domestic violence via conferences, webinars, and by request. No changes were made as a result of this comment.

COMMENT #21: page 1947 page 8 of the BIP Application and Program Guide section 7 last paragraph—Jennifer Carter Dochler suggested an added recommendation that the provider have male and

female co-facilitators of the groups.

RESPONSE AND EXPLANATION OF CHANGE: The staff amended section 7 last paragraph.

Introduction

“Intervention programs alone do not create batterer accountability. They are a component of a larger community response that includes the courts, probation and parole, and the legal and law enforcement systems. Before a batterer intervention program is developed, it is imperative that a community-wide system has been established that collaboratively works on an ongoing basis to ensure services for survivors and the legal system create greater safety for women who have been battered.” – MCADSV, *Standards and Guidelines for Batterer Intervention Programs*, June 2006

Please mark yes, if the standard is currently in place. If the standard is in development but not currently in practice, please use the comment section to explain.

1) Program Dynamics

Provider agrees that the length of instruction will be a minimum of twenty six (26) weeks of group sessions.

Provider agrees the service provider must establish fees for services. Fees may be a set amount or based on a sliding scale. Payment for one’s own service is an indicator of responsibility and accountability and must be incorporated into the program.

Provider agrees groups should never include mixed genders. Separate groups must be established for male and female clients and curriculum needs must be adjusted accordingly.

Comments:

2) Program Expectations

At the outset of the program, providers will make available to batterers, requirements for program compliance including but not necessarily limited to rules for assignment completion, behavior in the sessions, fee payment, and attendance.

- Providers will require all clients to complete all basic necessary treatment components based on risk and need before consideration is given to less intense treatment or successful discharge from treatment.

-4-

- Providers shall discharge offenders from treatment, in consultation with the supervising officer, who demonstrate an ongoing pattern of non-compliance with treatment, and the provider shall work with the Probation and Parole Officer to develop a plan for community protection.
- Providers will provide a program report to batterers outlining compliance with and progress in the program.
- Providers will inform batterers in writing of the following limits to confidentiality:
- Batterers are required to sign a Release of Information that permits information to be released to the referral agency and Courts. Providers will be mindful that case records may be subject to subpoena or court order.
- If the provider determines there is probability of imminent physical injury to a batterer, the batterer's victim/partner, or to any other third party, the provider will take safety initiatives and notify the person(s) at risk and other appropriate authorities.
- The Missouri Department of Corrections expects providers to adhere to state statute regarding the report of abuse or neglect of children; vulnerable individuals, 60 and older or people with disabilities 18-59 and that the Probation Officer is notified if a report is filed with the Missouri Division of Social Services or the Missouri Division of Health and Human Services regarding a mutual client.
- The provider will encourage the Batterer to sign a Release of Information that permits information to be released to the victim and/or current partner. Such information would be limited to attendance, discharge/termination of a batterer, and reports or threats of abuse to a victim and/or current partner, relatives and household pets.

☐ Yes ☐ No

Comments:

3) Curriculum:

During the initial program intake, the provider must obtain a history of a batterer that must include, but is not limited to:

- Basic identifying information (must be 18 years old or otherwise emancipated);
- Demographic information;
- Violence used in family of origin;
- Current or former partner(s);
- Criminal history, including arrests, convictions, and police contacts;
- Pending court actions;
- Descriptive history of the batterer's use of violence and other abusive behaviors, including those within and outside of any intimate relationship.
- During the initial program intake the provider must also:
 - Screen for severe mental health problems or disruptive behavior and arrange/refer for treatment when necessary; and

-5-

- Screen for chemical dependency problems and arrange/refer for treatment when necessary.

☐ Yes ☐ No

The provider agrees the Program curriculum *must* encompass information and components regarding:

- What a person gains from being abusive;
- The importance of accepting responsibility for abusive/violent actions and behaviors;
- Cooperative and non-abusive forms of communication;
- Various forms of abuse so as to not minimize non-physically abusive behaviors;
- Tactics of power and control. Identification of tactics shall include isolation, emotional abuse, economic abuse, use of children, use of privilege, intimidation and covert/overt threats;
- Equality and power-sharing in relationships. Identification of relationship skills shall include respect, trust, support, honesty, accountability, economic partnership, negotiation, fairness, and responsible parenting;
- Long- and short-term effects of violence on partners and children. Exercises shall build empathy to understand the perspective of survivors;
- Equal partnerships, respect, responsibility, empathy and understanding of the negative effects and cost of the abuse on survivors, families and others.
- Cultural and social influences that contribute to abusive behavior. This should include methods that stress culture is not an excuse or justification for abuse; and
- Non-violence planning, which includes identification of danger signs of negative behavior choices and how to prevent them.

☐ Yes ☐ No

The provider agrees the curriculum established for a batterer intervention program *may* include information and components regarding:

- Behavior modification/anger management techniques;
- Religious and spiritual issues concerning abuse;
- Conflict resolution models;
- Communication skills;
- Definitions of alcoholism, other forms of substance abuse, and their impact on the abuser and the family;
- Parenting issues and skills;
- Skills for developing intimacy in relationships;
- Dynamics of Stalking;
- Guilt and shame issues related to violent and abusive actions; and
- Origin of family issues.

-6-

☐ Yes ☐ No

The provider agrees that curriculum established for a batterer intervention program *shall not* include information regarding:

- Techniques or diagnoses that suggest survivors have some responsibility for the abuse. An example would be identifying abuse as resulting from “victim psychopathology,” “victim behavior,” “victim provocation” or “learned helplessness;”
- Ventilation techniques that encourage the expression of rage, such as punching pillows and primal screams;
- Anger management techniques that place primary causality on anger and/or are the sole intervention rather than one part of a comprehensive approach;
- Approaches that identify and treat the violence as an addiction and the victim as enabling or co-dependent in the violence;
- Theories or techniques that identify poor impulse control or substance abuse as the primary cause of the violence; and
- Techniques that deny a batterer’s personal responsibility for violence. For example, if a batterer was abused as a child, it is recommended that programs encourage him to work on these issues with appropriate resources. Such work must not replace or interfere with addressing his abusive behavior and his responsibility for those behaviors.

☐ Yes ☐ No

Comments:

4) Exclusion Criteria

The provider agrees a determination of whether an individual may benefit from the services must be made at the initial assessment. Individuals who may not benefit from the services or who may be disruptive to current program attendees must be referred to other appropriate resources. This would not preclude these individuals from re-entering the program when they meet program admission criteria.

Examples of individuals who may not benefit from services include individuals whose psychiatric symptoms prevent them from participating and individuals for whom a medical condition is the primary cause of violence, such as those with a traumatic brain injury.

Provider agrees that if Probation and Parole mandated applicant for intervention services is rejected, the program must advise the referring agency, in writing, of the basis for rejection and, where appropriate, should make recommendations for other intervention services.

-7-

☐ Yes ☐ No

Comments:

5) Completion

The provider agrees no batterer shall be assumed or documented to be non-abusive because he or she completes a Batterer Intervention Program. Evidence of attitude/belief change indicated in the group may not always translate to behavior change in the relationship with a survivor/current partner.

At a minimum, the batterer will:

- Complete the number of required sessions;
- Pay all fees in full;
- Fulfill all program guidelines;
- Take responsibility for personal abusive behaviors without blaming others;
- Demonstrate to staff an understanding of alternatives to abusive behavior;
- Demonstrate to staff the use of respectful language regarding survivor/current partner and an understanding of benefits of equal relationships;
- Have no known recent abusive or violent behavior.

☐ Yes ☐ No

Comments:

6) Criteria for Dismissal

The Provider agrees criteria for dismissal will be established, which will apply to the following circumstances:

- Continued abuse;
- Failure to maintain regular class/group attendance;
- Failure to make appropriate use of the intervention program;
- Failure to comply with other intervention conditions or provisions which are part of the participant contract (e.g., chemical dependency assessment/treatment, mental health assessment/treatment);
- Failure to pay fees;
- Violation of any of the group rules;
- Violation of any provisions of an order of Probation and Parole, or revocation of probation/parole.

A minimum of 50 hours of educational training, including but not necessarily limited to all of the following:

- Survivor safety and sensitivity;
- The history of the domestic violence movement;
- Cultural diversity;
- The nature and dynamics of domestic violence;
- The difference between batterer intervention and anger management;
- Domestic violence laws and legal issues;
- Responsibility versus denial;
- Sexism and oppression;
- Power and control;
- Facilitation and co-facilitation skills specific to groups;
- Characteristics of men who batter;
- Assessment and intake skills;
- Effects of a batterer's abuse and violence on children and family; and
- Alternate behaviors

A minimum of 24 hours of direct co-facilitation with a qualified facilitator in batterer intervention groups; and ongoing education to increase knowledge on topics related to domestic violence. It is recommended there be a minimum of 1 facilitator for up to 12 group members. When available, it is preferred that in groups of 12 or more that a male and female co-facilitate the group.

Comments:

8) Ethical Standards of Behavior

Providers agree they shall adhere to ethical standards of behavior in their relationships with individuals being served:

- Staff shall maintain an objective, professional relationship with individuals being served at all times.
- Staff shall not enter dual or conflicting relationships with individuals being served which might affect professional judgment or increase the risk of exploitation.
- Providers shall establish policies and procedures regarding staff relationships with both individuals currently being served and individuals previously served.
- Providers will have a policy by which all staff will be open to self-examination and receptive to feedback on issues of power and control, shall maintain the consistent approach that the batterer is solely accountable for the abuse and that abuse is intolerable in a relationship
- All providers are expected to be violence free in their own lives. No staff person, paid or un-paid, should be providing these services who has battered within the last 3 years.

. ☐ Yes ☐ No

Comments:

9) Interaction with Victims

Provider agrees if contact can be made safely, they will make a positive effort to inform partners of the program structure, expectations and limitations. Each provider is expected to make available to intimate partners information about the program as well as information about victim advocacy services.

Information that may be provided to partners includes the following:

- Information on services and program structure.
- Duty to warn -- the victim or current partner will be notified if the provider has reason to believe he/she may be at risk to be harmed by the participant.
- Limitations of program and potential for increased risk -- program participation is not necessarily predictive of reduction of future abuse.
- DV referrals/contacts for victims' services.

-10-

Provider agrees no effort will be made to obtain information from the partner, but it will allow for safe and appropriate means for the partner to offer information should he/she choose to provide it.

Provider agrees no BIP facilitator shall provide direct advocacy services to the victim of a batterer enrolled in its group.

The following are critical limitations regarding partner contact:

- No attempt should be made to encourage, persuade, or coerce victims into disclosing information or having contact with the provider.
- No attempt will be made to suggest that information or contact by the partner will positively impact the batterer's work with the provider.
- No information will be provided that suggests that couples counseling will be appropriate.
- Under no circumstances should information shared by the partner to the provider be disclosed to her batterer.
- Providers will maintain the confidentiality of victims/partners. Providers will not disclose to the batterer information gained from a partner, including the fact that communication has occurred

PUBLIC NOTICE

Public Notice and Request for Comments on Applications for Issuance of Skill Performance Evaluation Certificates to Intrastate Commercial Drivers with Diabetes Mellitus or Impaired Vision

SUMMARY: This notice publishes MoDOT's receipt of applications for the issuance of Skill Performance Evaluation (SPE) Certificates from individuals who do not meet the physical qualification requirements in the Federal Motor Carrier Safety Regulations for drivers of commercial motor vehicles in Missouri intrastate commerce because of impaired vision or an established medical history or clinical diagnosis of diabetes mellitus currently requiring insulin for control. If granted, the SPE Certificates will authorize these individuals to qualify as drivers of commercial motor vehicles (CMVs), in intrastate commerce only, without meeting the vision standard prescribed in 49 CFR 391.41(b)(10), if applicable, or the diabetes standard prescribed in 49 CFR 391.41(b)(3).

SUPPLEMENTARY INFORMATION:

Public Participation

If you want us to notify you that we received your comments, please include a self-addressed, stamped envelope or postcard.

Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo Supp. 2014, MoDOT may issue an SPE Certificate, for not more than a two- (2-) year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing an SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.
